What is MCASH And What Does It Do?

MCASH is a Tech Infra Platform

MCASH is a plug-and-play technology platform company which has presence and innovation in many growth industries in Indonesia; We are not a product centric company; We are a tech infra company: people can easily access our platforms + capability to build any product and cooperate with anyone from any sector (agnostic play / neutral party)

MCASH's growth story is built upon seeking out promising ventures, scaling them to commercialization as active growth contributors to the Group. The overarching objective of the Group is to build a Super API, where corporate clients can simply connect to access a myriad of innovations and solutions and where the average consumer can rely upon to help conduct their daily lives with greater ease and convenience.

Builds Functional Business Lines

Currently, the Group's manage 392,000+ touch points across Indonesia and services clients across multiple sectors for both private and public enterprises. The Group has established digital portfolios in various growth sectors such as Digital Product Distribution, Cloud Advertising, Enterprise Communication and Clean Energy (Electric Vehicles). Within the Group, there are also investments into Digital Contents & Entertainment and Tech Logistics.

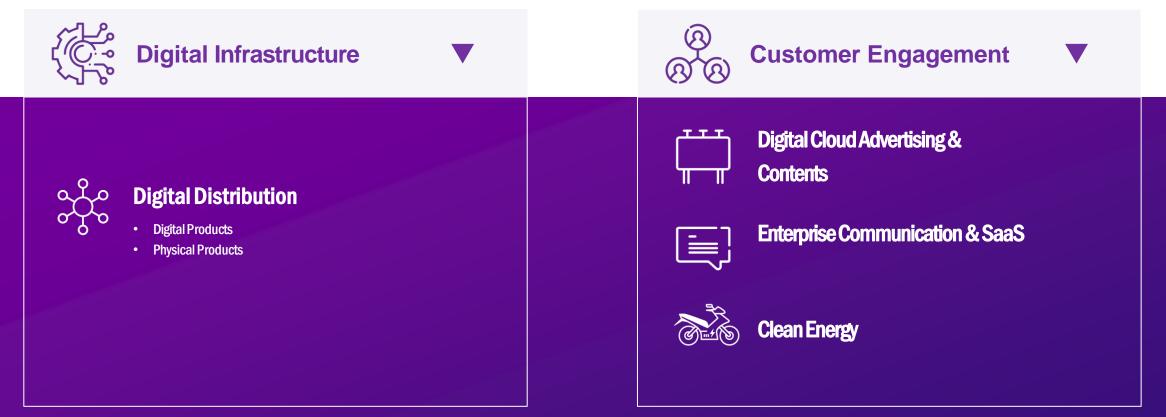

Intended Network Effect

Cross synergies between business lines improve the discovery, participation and retention of MCAS overall ecosystem

The Roadmap

0.0

1.0

2.0

3.0

4.0

Telco as the Embryo

Build a Strong Distribution Network

- Aggressive expansion to modern (retailers) + online (banks & ecommerce) channels
- Strategic Partnership

Transformation through Innovation

- Strengthening the IT Team
- Developing valueadded businesses (non telco)
- Nurturing the subsidiaries
- Adding logistics as the 2nd growth pillar

B2B Focus

Connecting the Ecosystem

- Restrengthening
 Telco as a pivot for expansion
- Business portfolio rebalancing (non telco: EV, Ads, WABA & IT)
- Synergy & cross sell

Efficiency

Massive Growth & Profitability

Exponential Growth

Positive Contribution from Every Line of Business

Notable Achievements

- Recognized as one of Indonesia's Biggest Technology Companies in the Fortune 100 list
- Partnership with Telkomsel and Tencent Cloud to explore palm scanning and verification technology
- Honored with the Innovation Excellence Partners Award by Tencent Cloud International

Indonesian govt to provide incentive for 250,000 electric motorbikes

ANTARANEWS

@ 6th March 2023

Jakarta (ANTARA) - The Indonesian Government will provide an incentive of **Rp7 million** for each of **250,000 electric motorcycles this year**, Head of the Fiscal Policy Agency (BKF) of the Finance Ministry Febrio Nathan Kacaribu has informed.

JAKARTA (Reuters) - Indonesia will allocate **Rp 7 trillion (\$455.88 million)** in state funds to subsidize electric motorcycle sales **through 2024**.

Finance Minister Sri Mulyani Indrawati said the subsidies will cover sales of 800,000 new electric motorcycles and the conversion of 200,000 combustion engine motorcycles.

Volta to secure incentives from gov't

JAKARTA (IDN) - subsidy is given to electric motorbikes with the level of domestic component of 40%. Volta has recorded the level of domestic component of 47.6% for its electric motorcycles.

Market Overview

- Government aims 13 million EV-motorcycles by 2030
- A \$50 billion revenue opportunity
- Government Subsidy of \$457/bike (40% discount)

Southeast Asia

Indonesia: With a goal of 13 million electric bike units by 2030, policymakers are actively pushing the adoption of electric mobility.

Thailand has rolled out the "National Climate Change Master Plan (2015-50)," with priority for energy efficiency in transportation

Vietnam through their "Hanoi Green Growth Strategy" aims for electric two-wheelers to reach 5% of Hanoi's total motorcycles by 2030. Incentives include a registration fee exemption

ADB invests in private funding for the replacement of older internal combustion engine (ICE) transport vehicles with electric three-wheelers (3W EV).
